https://www.trimek.com/m3workspace/en/login

Enter your email and your password.

If you do not remember the password you can click "request password" and a new one will be sent to your email.
2.- M3Workspace

The M3workspace has different uses: Update licences, support, documentation and training.

2.1.- Licenses update

Every 6 months is necessary to update the M3 USB license. When the license is near to expire you will receive and email.

To update it select "Licenses" and "Updates".

Select the license number

License ⬥	Expires ⬥	Company ⬥	Country ⬥	Software ⬥
1283054582	31/03/2021	Trimek	España	M3, M3 Analytics

Go to "Updates" and download the file.

The downloaded file will be a .ZIP file.

Connect the USB license to the computer.

Extract the .ZIP file and execute the file inside.
The following window will appear

Click in "apply update" and in some seconds a message will appear showing that the update has been done correctly.

To check that the update is correct, open M3.

2.2.-Support

In the support window you can ask for support or help.

Clicking in "New" you can create a new support request.

There, you can select the type of help you need, the subject and you can explain your problem. Also, you can add files, for example M3 projects or images.
